SW, SWG, SWRE, SWH, SWC, TC, TCM, TCH - heater type

395, 300, 400, 450, 500, 550, 600, 750, 800, 1000 - nominal power of the heater

RA - thermostat "Two digital indicator electronic controller"

RE - thermostat "Four digital indicator electronic controller"

RA(P), RE(P) – thermostat "Four digital indicator electronic controller with programming function, 24h/7 days"

"+" – requirement fulfilled / "-" – requirement not fulfilled

A heater with an ON/OFF control type, connected to a remote thermostat that has the functions "Electronic room temperature control plus week timer", "Room temperature control, with open window detection", "With adaptive start control" and "With working time limitation", correspond with seasonal space heating energy efficiency value that complies with Regulation (EU) 2015/1188 & Ecodesign Directive 2009/125/EC
